INTELLIGENT VOIP SOLUTIONS AT WORK

## HAVE A BROADBAND INTERNET CONNECTION? MAXIMIZE IT WITH MIXFONE SIP TRUNKING SERVICES!

**MIXFone** is a perfect solution for customers who want to enjoy the savings of VOIP, but who don't want an expensive investment in new phone equipment.

**MIXFone** provides an Unlimited Inbound & Outbound SIP Trunk for business use in the Continental USA & Canada. The service also includes a softphone and a MIX Trax phone number of your choice, plus MIX Networks' Advanced Calling Features!

**MIXFone** is mobile, so you can enjoy making calls from your desktop or laptop computer - anywhere you have a broadband internet connection! Use Cable, DSL, T1, or WiFi and send and receive calls just as if you were at your office.
